

Invitation: Redwater Students, Parents/Guardians, Local Industry

Grade 9-11 Redwater Students:

- Are you thinking about career options after high school?
- Would you like to work in your desired career choice while making money when you are still in high school?

Parents/Guardians:

- Are you aware of the career exploration opportunities available to your child through your local high school?
- Are you wondering how you can help support your child as they make career choices?

Local Redwater Industry:

- Would you like to know what you can do to help provide career exploration internships for local students?
- Are you interested in learning how to access grant dollars to support students interning at your business?

If you answered yes to any of the above questions...

Join **Redwater School** and **Careers: The Next Generation** at a
