

# RENEGADE NEWS

Week of November 14 - November 18

# A Message From Our Administration

As we reflect on the week, we were sure engaged! Starting with Halloween on Monday, Science Presentation on Wednesday, Awards on Thursday and Remembrance assembly on Friday! And in between we did some reading, writing and arithmetic!

The student council and leadership group put on a fantastic haunted house for students here and at Ochre Park. Students were treated to an amazing science demonstration - it's not magic, it's Science! Congratulations to all the scholarship and award recipients. It was excellent to recognize the efforts that each student has put in to achieve these awards. Please take time and be reflective on Remembrance day next week.

FALL BREAK - Nov.7 - 11 - No classes next week

Enjoy the fall break and thank you all for your continued support as we work together in education.

# Words From The Wellness Hub

Wellness comprises of eight mutually co-dependence dimensions: emotional, physical, occupational, social, spiritual, intellectual, environmental, and financial. If any one of these dimensions is neglected over time, it will adversely affect one's health, well-being, and quality of life.

In November, we will be focusing on occupational wellness. Classroom presentations, lessons, and field trips will provide students with opportunities to prepare for and participate in work that will provide them personal satisfaction now and in the future.
