We have had an exciting week together starting with the celebrating Pi day and enjoying the beautiful outdoors with two ski trips. Our week was filled with learning and time together where students continued the application of Pi in their math classrooms.

The grade 7 to 12 ended the week with a digital citizenship presentation, while the whole school enjoyed fun activities celebrating themselves with wellness activities in the HUB to fun planned activities celebrating St. Patrick's day.

We are so proud of our Elementary and Sr. School Councils for taking the time to plan and make our school a fun place to come and learn.

We look forward to seeing you next week at parent teacher interviews.

Best Regards,

Our Administration Team

Grandfather Teachings (For March)

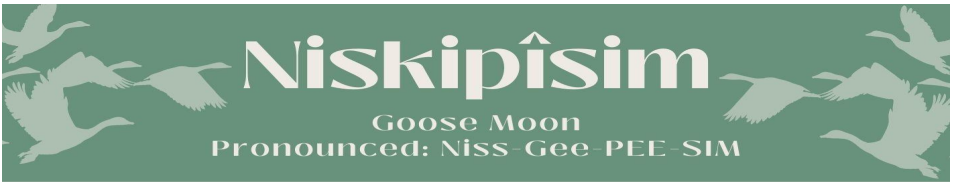

This month, we shift our focus to the teaching of **love**.

Love isn't really about romance. Love is about care. About desiring good for others. And yourself. When we love the people in our lives, we want good for them. We want them to discover their purpose and grow to be who they're going to be. When we love ourselves, we find our own purpose. We follow our values. We grow to be fuller versions of ourselves.

This month, we're letting the Eagle teach us to look to the horizon - to dream of where we can go and help each other get there.

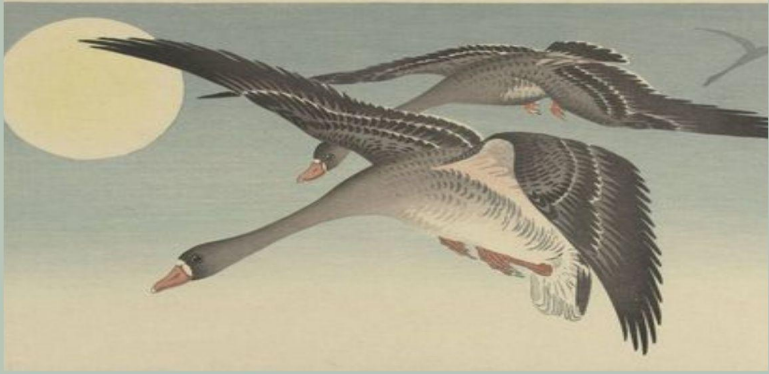

New Moon Information

Niskipîsim

Goose Moon
Pronounced: Niss-Gee-PEE-SIM

The Goose Moon is a very exciting moon! As we welcome this new moon we can celebrate that the days are getting longer and we have more time with the sun. We also notice that the plants and trees are starting to wake up, new growth begins to appear. We also hear the familiar honking sound from the sky and we welcome the geese that are returning. When we see this, we know that Spring is right around the corner. In Cree, the word for spring is "sîkwan" which is pronounced see-gwan. One of my favorite things to do during this season is to plan my garden for the coming Summer. How do you and your family like to celebrate the return of Spring? What are some ways you can connect with the land during this season?

We have started a new positivity program at the school. It is called Above & Beyond! When students have actions and behaviours above and beyond their typical character, they are nominated by their teachers to win fun prizes and class pizza parties!

Plot Development in *Little Women*

Read the following excerpt adapted from Chapter 19 of Louisa May Alcott's *Little Women*. Then answer the questions that follow.

In this excerpt, Meg and Jo March, along with their housekeeper, Hannah, are watching over their sister Beth, who is sick with scarlet fever. Their mother, Mrs. March, has been in Washington D.C. tending to her husband, who has also been ill. The Marches' friend and neighbor, Laurie, sent an urgent message to Mrs. March the day before, and they are all anxiously waiting for her train to arrive.

1 "I wish I had no heart, it aches so," sighed Meg.

2 "If life is often as hard as this, I don't see how we ever shall get through it," added her sister Jo.

3 The clock struck midnight. The house was as still as death. Nothing but the wailing wind broke the deep hush. Wary Hannah slept on. No one but the sisters saw the pale shadow

4 ... of their mother, as she came and went, and then sat down, rocking to and fro, saying quietly, "The fever's turned, she's sleeping! Hush! her skin's damp, she breathes easy. Praise be given!"

5 Before the girls could believe the happy truth, the doctor came to confirm it. "Yes, my dear's, the little girl will pull through this time. Keep the house quiet, let her sleep, and when she wakes,
